

Greenacre Environmental Systems Ltd

Corporate Social Responsibility Policy

At Greenacre Environmental Systems Ltd, our commitment to providing high quality services help to ensure that clients across the UK can depend on us to support them with their ventilation system needs.

Greenacre Environmental Systems Ltd recognises that everything we do contributes to this important outcome, so we are committed to complying with various standards and policies to ensure we exceed our legal, moral and corporate obligations to the benefit of our clients, third parties and associates, employees, the natural environment and the community at large.

Greenacre Environmental Systems Ltd believes that its Corporate Social Responsibility (CSR) Policy shall provide long-term benefits to its employees, clients, third parties and communities throughout the UK, and will focus on the following seven key areas:

- **Employees:** Respecting the values of employees, providing good working conditions and equal opportunities, improving employee satisfaction and through training, developing their intellectual capacity for their greater benefit and quality of life.
- **Environmental Impact:** Identifying and evaluating our environmental impact, and conducting our activities in such a manner so as to protect the natural environment from harm, and prevent pollution.
- **Sustainable Development:** Ensuring that Greenacre Environmental Systems Ltd's activities are planned with due regard to issues such as carbon footprint, natural resource efficiency and other social and economic needs.
- **Relationship with Clients:** Being responsive to client needs and providing a service that meets these needs in addition to applicable legislative requirements.
- **Third Parties and Associates:** Treating third parties and associates fairly and driving CSR codes of practice throughout our supply chain.
- **Community Improvement:** Engagement with local communities, where appropriate.
- **Ethos:** Encouraging high standards of professionalism throughout the company and promoting best practice in respect of ethical behaviour.

The organisation's CSR activities shall be implemented and maintained through the application of policies and procedures as laid down in our Integrated Management System (IMS).

Greenacre Environmental Systems Ltd are pleased to engage with all interested parties regarding CSR matters. For further information contact the Managing Director.
